

"Lincoln [my SU] have been the **surprise powerhouse** of education activism this year" *Ed Marsh, Vice-President, NUS*

Dan Derricott

for Vice-Chair Campaigns & Communications

leading a winning British Youth Council

Vote for a focussed vision:

1. Unite members as **one collective campaigning youth movement**
We will bring together the full breadth of our membership to jointly lead and support our priority campaigns, which will bring immense energy and new levels of impact, and show the real strength of the youth voice.
2. 'Youth got a friend in me' – getting **Parliament on side**
Using the full influence of the Board, MYPs, Youth Councils and many more, we will craft and make a convincing case for protecting and empowering young people to each and every Member of Parliament and Peer, developing a Parliamentary network of supporters, defenders and friends in their own constituencies and on policy at a national level.
3. Shouting to the world: **high profile coverage** of high impact campaigns
The media can be a powerful tool in getting our message out to the public, we will work with our larger national members to refresh & develop support for achieving good press coverage of youth led campaigns and events, both locally and nationally.

"Dan's commitment goes beyond the office, and the boardroom. He goes out of his way to ensure he gets to meet the young people who advise on BYC programmes and training. Dan really does go the extra mile to make sure our opinions are heard and enforced, it's clear that he is fully committed and always listening. These are important qualities for a Vice-Chair."
