**#1 for VICE CHAIR PARTICIPATION
& DEVELOPMENT**

About Me:

I joined BYC after being a member of my local youth council, and national member the [Boy's Brigade](#), I have served as your trustee for two years and now want to help develop further our membership participation and development as your Vice Chair.

This year I have increased my governance roles by becoming a trustee of my Students Union [QMSU](#) and am standing this summer to be a trustee of the [Youth Hostel Association](#). I am Leader in BYC member organisation the Boys Brigade and am passionate about member participation and involvement – regardless of size, shape or type of organisation.

Through my membership of the Boy's Brigade's England Young Peoples Group and Regional Committee. I have increased efforts to improve participation in the Boy's Brigade's structures, including the creation of a youth led international project team.

I hope to lead a participation review to improve how our structures work for young people and improve and develop our offer to our members – already I have given inspiration to BYC Programs such as the youth voice award. If you want any further information or just fancy a chat please do contact me.
